AUSTRIA-HUNGARY AND BULGARIA ARE NEXT ON PEACE LIST

Paris Peace Conference Turns its Attention to Making of Peace with Other Central Powers—Austria Will Be the First.

ORLANDO RESUMES SEAT.

German Government Begins Consideration of Terms, With Three Courses Open—Grave Disorders in Peking Over Jap Concession Feature of Treaty.

(By Associated Press)

With the draft of the peace treaty with Germany now in the hands of the plenipotentiaries of that nation for consideration, the Paris peace conference is turning its attention to the making of peace with the other Central Powers.

Today the Council of Four which, as the supreme executive body of the conference, has again become complete through the return of Premier Orlando of Italy, took up the arrangements for presenting the peace terms to the delegates of Austria-Hungary and Bulgaria.

It appears probable that the settlement with Germany-Austria will be the first to be reached. The representatives of that nation are due in France early next week and will be quartered at St. Germain, a suburb of Paris.

A forecast of the treaty being drawn for their consideration indicates that German-Austria will be asked to pay a portion of the enemy indemnity, her share being estimated at 5,000,000,000 crowns.

Meanwhile, the German home government is expected to begin at once the consideration of the terms of peace which were presented to the German delegates at Versailles Wednesday and which virtually reduced the German Empire to the role of a minor power for a considerable period.

Either the National Assembly itself or important committees of it are to take up the question of the peace terms in sessions held at Berlin.

Three courses seem to be open to the German Government, as indicated by recent dispatches. It may either accept the conditions of peace or reject them, or submit them to a plebiscite. The speech of Count von Brockdorff-Rantzau, head of the German delegation to the peace congress, in reply to Premier Clemenceau, at Versailles yesterday appeared to indicate that Germany meanwhile would prepare objections to some features of the treaty as presented to her delegates, notably with regard to Germany's financial responsibilities and economic position.

All the German objections must be submitted in writing within the two weeks' time that her representatives have for examination of the treaty.

Serious disorders are reported to have broken out in Peking, as a protest over the action of the council of three in awarding to Japan the rights and concessions in Shantung formerly held by the Germans. The Chinese government already has advised its delegates at Paris not to sign the peace treaty.

(By Associated Press)

Versailles, May 7. — The scene at today's session of the peace congress, when the terms of the peace treaty were presented to the Germans, was an impressive one, and the function was not without its tense moments.

In fact, the entire half hour which it took von Brockdorff-Rantzaun to deliver his reply to Premier Clemenceau was a period of tenseness to the Allied premiers and President Wilson, and also virtually everyone.

General approval of the military terms imposed upon Germany by the treaty was expressed by a number of Republican and Democratic senators.

COURIERS ON WAY TO BERLIN WITH COPY OF TREATY

Only Few Delegates of Huns Expected to Return to Germany.

No Communication has Been Submitted by Delegates.

A copy of the treaty is well on its way to Berlin. A German courier left at 9 o'clock last night, bearing it, with Count von Brockdorff-Rantzaun's first report of the negotiations.

(By Associated Press)

New York, May 8. — The first trans-Atlantic flight was begun when three N. C. hydro-airplanes left the government air station at Rockaway Beach at ten o'clock today on the first leg of the journey — Rockaway to Halifax, a distance of 540 miles.

The N. C. 3, with Commander Towers, chief of the expedition, was the first plane to take to the air, and it was closely followed by the N. C. 4 and the N. C. 1. The planes were escorted to sea by a squadron of navy planes.

Proceeding in a general northeasterly direction, the planes should reach Halifax before nightfall, barring mishap. From there the route runs 400 miles to Trepassy, 1,350 miles to the Azores, another 800 miles to Portugal and from there on to England.

CLEVER TRICK AT THE LAST MOMENT WINS HARD BOUT

Hackensmith, As Shoulders Were Being Pinned Second Time, Tricks Matsuda and Wins Match.

Pappas, of Toledo, Fails to Throw Hamilton, of Columbus, in 40 Minutes.

In the most interesting wrestling match staged in this city so far, Matty Matsuda, the lightweight champion was defeated two falls out of three by Young Hackensmith of Boston, at the Armory Wednesday night.

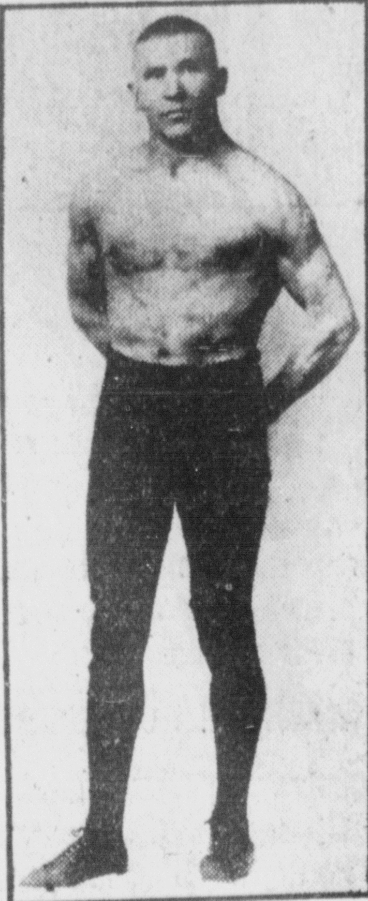

Hackensmith had posted a forfeit to weigh 148 pounds at 6:00 o'clock but he was overweight by more than two pounds. Matsuda weighed about 139 pounds.

The preliminary bout was between George Pappas of Toledo and Young Hamilton, of Columbus. Pappas had agreed to throw Hamilton two falls in a period of forty minutes. Pappas did not secure a fall and was barely able to keep from having his own

shoulders pinned to the mat. During the bout Pappas was thrown from the elevated ring to the floor no less than five times.

Hamilton showed to much better advantage than in his former bout with Pappas. Hackensmith acted as referee. The bout was full of interest.

The main event of the evening was the decision bout for two of the three falls between Matsuda and Hackensmith. The men went to the ring

YOUNG HACKENSMITH

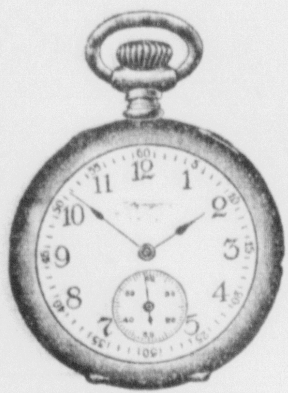

three times before a decision was reached.

The first fall was won by Hackensmith with a body scissors and wrist lock in 26 minutes and 46 seconds. Hackensmith showed that he possessed a powerful pair of legs and he made use of this advantage time and again during the period on the mat.

Matsuda secured the second fall in short order, the time being 14 minutes and 50 seconds. Matsuda used a head scissors to get the results, and did it in an amazingly short time, holding his adversary helpless.

The third fall was interesting in that it was out of the ordinary and was won more by headwork and strategy than by muscle. Matsuda had Hackensmith so that in a few moments his shoulders probably would have been pinned, when Hackensmith brought out one of the tricks of the wrestling game and slapped the Jap on the back with his left hand, imitating the referee in announcing a fall. Matsuda, thinking the referee had slapped him on the back as a token of victory, raised up and prepared to leave the ring. Quick as a flash Hackensmith was upon Matsuda and grabbing a leg obtained an unshakable toe hold on the Jap.

Inasmuch as Hackensmith had se-

ANNUAL MEETING W. H. M. S. IS HELD AT GRACE CHURCH

Representatives From All Parts of Chillicothe District Attend Notable Convention.

Forceful Address and Satisfactory Reports Feature Sessions.

Everything contributed to the success and interest of the Annual Meeting of the Woman's Home Missionary Society of Chillicothe District, held all day Wednesday in Grace M. E. Church. Even the weather proved propitious—lending an ideal May day; the attendance was record breaking, with all auxiliaries represented and a hundred and fifty dining together at the noon hour; the splendid addresses by prominent speakers and the fine music coming with the interest of the business features in making the sessions out of the ordinary.

Visitors were met at the trains by autos through the kindness of Mesdames Harry Rodecker, Scott Hopkins, Misses Edith Gardner and Ethel Calvert, and found the atmosphere and greetings awaiting them at the church of the utmost cordiality.

The District President, Mrs. Charles Metzger of Chillicothe, presided throughout the meeting, and Mrs. J. V. Stone, of Chillicothe led the Devotionals in the morning, and Rev. Holcomb closed with prayer.

Mrs. F. G. Carpenter with her usual grace and ability, gave the greetings for the local society, and said in part "The clouds of War have been followed by the golden glow of the Centenary. Today, we meet in auxiliaries, circles and bands, a year ago the question was being asked are you a patriot, today are you a Christian?"

During the past year Mrs. Carpenter has assisted in the organization of several new local societies, Sugar Grove Home Missionary Society, Young Woman's Home Missionary Society and Queen Esther's. The leaders of these were introduced along with the visiting ministers. Greeting and Response were made by Mesdames, J. H. Morrow and C. B. Griffith both of Chillicothe.

Just before the reports of the Auxiliaries, Bourneville, Frankfort, Good Hope, London, New Holland, Chillicothe, Wellston, West Holland, Mt. Carmel, and this city, Mrs. Metzger gave a short talk, complimenting the women on their splendid work of the past year, and emphasized the thought that "America must be saved and the Gospel preached throughout the World."

Mrs. E. A. Sells, President of Ohio Conference spoke of changes made in the Constitution, and other business of importance to the society.

Mrs. B. E. Kelley played two numbers of her own composition, a pipe organ solo in the morning entitled "An Oriental Air," and a piano number "Nocturno" in the afternoon. Both the beauty of the compositions and artistic rendering eliciting from those in attendance much complimentary mention. Rev. A. P. Cherrington made the noon tide prayer.

Mrs. A. K. Williams of Wellston opened the afternoon session with Devotionals. Mrs. Seeds a very good speaker followed with a short talk on mission homes.

The main address of the day was made by Rev. Grant Perkins, Supt. of Sunday Schools of the Cincinnati area and President elect of Antioch College. Rev. Perkins is a brilliant speaker and developed his talk from the text "There Remaineth Yet Land to Be Possessed," and spoke of the America to be, either a Christian nation or dominated by Bolshevism. He studied for eighteen years abroad, and said that America was the best country of them all. The forces of the Atheism and materialism have almost enveloped the country, it is high time for the church to awake and win this country for the Kingdom.

Miss Edith Gardner, whose cultured and well trained voice always captivates her audience sang two vocal solos.

Two minute talks from the delegates of the different auxiliaries, were followed by the report of the Corresponding Secretary showing a total amount of \$2,404.50 received

The New Hudson Super-Six Is Now Here—Price \$1975

Improved in the Ways Men Have Said Would Make It the Finest Car Built. Prompt Deliveries to Early Buyers

The new Hudson Super-Six is just such a car as you might expect.

Four years in development and 60,000 in service have resulted in a finer, more desirable Super-Six.

Many of the annoyances regarded as inevitable to all cars have been eliminated.

It starts easier, rides easier, and runs smoother. All the qualities that distinguish the Super-Six you know are retained—in many instances, enhanced.

Such High Development Possible Only to Hudson

Without the experience gained with 60,000 earlier cars, this new Super-Six could not have been so perfected.

Four years ago the Super-Six checked the trend to a greater number of cylinders because it gave all the smoothness sought for without sacrificing the simplicity of the six.

It increased motor power 72% without added cylinders or weight.

Then it proved in hundreds of record tests, an endurance surpassing all previous performances. It became the largest selling fine car.

Perfected by Those Who Designed It

Each year has seen the emphasis of some new quality.

The greater range of power and performance was no sooner established than it became famous on every speedway, in every endurance test.

Then it took the lead because of its beauty. Its various body types are accepted standards. They accurately forecast motor car design. The world accepts the Hudson as its most famous fine car.

The men who designed it are for the most part the same who have brought it to its present high degree of perfection. They have observed its career with the one thought of higher accomplishment. And into this new Hudson, they have put the fullness of their experience.

They have made it their attainment—the Super-Sixes you know are but promises of that which they have now accomplished.

Prompt Delivery Now The Price is \$1975 (F.O.B. Detroit)

Mid season has always shown a shortage of Hudsons. Four months after the first Super-Six was announced, ten thousand buyers were waiting their turn for delivery.

Every year has been a Hudson Super-Six year. Practically no Hudsons have been available for months.

Now the new car is ready. Factory production is large, but only the first buyers can expect prompt delivery.

When these added qualities become known the demand must be greater than ever before.

Even with no change in the Super-Six, there would have continued a demand for it equal to the increased factory output. But with the Super-Six as it now is, we see a shortage situation surpassing any previous year.

So we urge you to see the new Hudson so you can place your order at once and thus get earlier delivery than will be possible if you wait.

The Peace Treaty

The peace treaty has been formally presented to Germany and the people of civilized nations, coincident with the presentation of the greatest treaty of all time to the vanquished foes who, nearly five years ago let loose the dogs of war upon an unsuspecting and unprepared world, were informed, for the first time, officially, of its contents.

While the treaty is the longest in history, it is simple and direct in its provisions and easily understood.

It is apparent that the chains which are to bind Germany's military power have been forged as strong as human wisdom can possibly do it.

The terms imposed upon the guilty nations and individuals are severe but it is only the severity demanded by justice.

All talk of refusal by Germany to sign the treaty is unwarranted. There is nothing for Germany but to accept the terms imposed. They are the only terms possible, in justice to a world which has suffered so cruelly. Germany is helpless and beaten to a point where she can be made, at last, to accept and to do justice.

The peace delegates have faced a multitude of grave problems, they have been subjected to criticism, some of it violent, because of delays, but with the treaty completed and presented to the world the delays are explained and an anxious world, reviewing the completed task, marvels at the thoroughness with which the work has been done.

Criticism is possible, of course, for those who are determined to criticize, but held up by its four corners the great treaty disposes finally of problems so numerous and so complex that the human mind is taxed to grasp them, with a foresight and wisdom which is marvelous.

Nothing but the determination to adhere strictly to the highest and best ideals could have made possible the completion of so gigantic an undertaking.

The Extra Session

President Wilson has called upon Congress to convene in extraordinary session on May nineteenth.

Never has the legislative body of the nation been convened to confront and solve, with the enactment of the necessary legislation, problems of such momentous importance as those which will be presented to the legislators at this "extra" session.

Congress will be called upon to ratify the treaty of peace which includes the League of Nations pact and to begin, at least, the work of repealing those laws which have given to the chief executive, temporarily, such autocratic powers.

The war legislation cannot be repealed at once. It will require time to demolish the pyramid of legislation which the war made imperative. The people demand, however, a return of their liberties and a curtailment of government control.

We imagine that President Wilson will be glad if the load of responsibility which he has carried can now be lightened.

The war is over and it is time for Congress to ratify the final treaty of peace and provide, by the enactment of necessary laws, for a return to normal.

POETRY FOR TODAY

THE SIMPLE CREED.

They sit within their churches,
Side by side,
These saintly ones enfolded in
Their pride.

They sing, with lifted eyes, the
Hymns
Of praise and plea,
And read those ancient psalms of
Love
And charity.

Then lowly bow their heads, while
Prayers
Ascend to Thee,
Replete with pleadings for more love,
More charity.

Confessions of their sins repented of
To Thee arise,
While kneeling beside friends they
Fall
To recognize.
For some small failing engraven on
Their spotless scroll,
Unworthy to be held against
A human soul.

So frail, forlorn and helpless that
Thou didst give
Thine only Son in ransom that
It might live.

How dare they judge the sins that
Should
Be left to Thee?
Where now those ancient psalms of
Love
And charity?

They note at once the mote within
Another's eye,
But fail to see the beam that in
Their own doth lie.

As love to God, so love to man,
Thy simple creed,
Then grant us, Lord, that love to fol-
low
In its lead.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off.

It is just when a corn hurts that
you want to feel surest about
getting rid of it. Why take chances
of keeping the corn and having the
pain grow worse? You'll use "Gets-
It."

The Only Peel-It-Off Way Is "Gets-It."

It's anyhow, sooner or later, might
as well use it sooner. Then you are
absolutely sure that the corn will
loosen from your toe so that you
can peel the whole thing off pain-
lessly with your fingers, in one com-
plete piece—just like peeling a ba-
nana. It takes a second or two to
apply "Gets-It." There's no fussing
or putting. Corn-pains will van-
ish—thaf'll keep you sweet while
the "Gets-It" does the rest. Nothing
new for corns has been discovered
since "Gets-It" was born. Follow
the judgment of the millions: use
"Gets-It" and be sure to be corn
and pain free! You'll say it's magic.

back corn-remover, the only cure

THERE are good reasons
for Firestone Truck Tires
carrying more than half
America's truck tonnage.

Look at the trucks in this
city that are mounted on
Firestone Tires.

You'll find that they run faster,
have fewer accidents, stand
up better with less repairs,
are operating with the lowest
possible quantity of gasoline.

Our own service here in the
city co-operates with Firestone

policy. Our tire presses, with
power equal to many tons
pressure, and our other ma-
chinery make it easy for us to
change truck tires quickly.

And you know that the pay-
ing truck is the truck in the
streets hauling your goods.
When a truck's laid up a day
for tire change, you lose far
more than the cost of the
change. Let us reduce tire-
change time to the fewest
possible minutes.

YOU ARE AS STRONG AS YOUR STOMACH

You might just as well expect an
automobile to run without gas as to
expect a person to work well with a
weak stomach. Your digestion fur-
nishes the nourishment upon which
you run the machine called your body.
Let the food digest properly, and
every part of your system has the
supplies to keep it in perfect working
order. But when indigestion comes,
on the blood is polluted with ferme-
ntations that weaken every organ.
Soon you have headaches, because
this bad blood affects the brain. Back-
ache follows. You get up in the
morning after a restless night as
tired as when you went to bed.

You drag along all day, driving the
machine by will power until you have
to quit with rheumatism, kidney
trouble, or some other serious break-
down—and all because you didn't find
the right treatment for the indiges-
tion.

Years ago Dr. George B. Parker
had hundreds of such cases, and
worked to develop a remedy that he
could depend on. When he found it,
and proved it by thousands of such
cases, he put it on the market. To-
day for \$1 you can obtain a box of
Dr. Parker's Treatment for Indiges-
tion and Constipation that is guaran-
teed to relieve you or your money will
be returned.

Right here, in this town, are many
people who have found it to be all it
is represented, and who tell their sick
friends about it. Maybe you know
some one who has found health
through this treatment. If not, try
it entirely at our risk. You will be
wonderfully pleased with the results.
Stop at your drug store and get a

suffering any more.

Overland Model 90 Touring Car

Showing the World What 600,000 Owners Know

A few days ago a STOCK Model 90 Overland touring car again
proved its stamina by smashing completely the world's non-stop
HIGH GEAR record. The official records prove it to be one of the
greatest reliability records ever made by any car. The distance cov-
ered was 129 miles better than the best previous showing.

This test was made in Oklahoma. It was not staged on boule-
vards. The daily average was over 600 miles through the severest
weather, and over every kind of road from country highways to
crowded city streets. The distance was equal to a trip from New
York to Los Angeles, and back to Oklahoma City.

The car was sealed in HIGH GEAR and the shift lever was re-
moved. Not once was there the slightest mechanical trouble, the
least hesitation, or the faintest break in the smooth, even action of
the Overland motor.

At the end of seven days and seven nights of gruelling test the
Overland Model 90 finished in as perfect running condition as when it
started, and this standard car is an EXACT DUPLICATE of the Model
90 we will be glad to show you.

This test does not make the car better, it merely proves in a
dramatic way what owners already know about this wonderful car.

News of Interest to Women

A large family connection and a host of friends throughout Fayette county will share in the interest attendant upon the marriage of Mr. E. Glenn McCoy, son of Mr. Allison McCoy, southwest of town, to Miss Norma Zeigler, daughter of Mrs. Anna Zeigler, of E. Main street Columbus, which took place at the bride's home Wednesday night at eight o'clock. Only a dozen guests confined to the mother and brother, Mr. Oscar Zeigler, of the bride, and the bridegroom's father and sister, Miss Sylvia McCoy and a few friends, witnessed the ceremony, performed by Rev. Myers, of the M. P. church.

The bride made a charming picture in her gown of white silk crepe and arms filled with pink roses.

A wedding dinner was served just before the ceremony and immediately after the young couple left for Portland, Oregon, where Mr. McCoy goes to develop new territory for the Nestle Food Co., of New York, with which company he has been associated as division superintendent since graduating from the Ohio State University. Enroute the trip will be one of combined business and pleasure. Mr. and Mrs. McCoy going out by way of Chicago, Denver, the Grand Canyon, Arizona, Southern California and Los Angeles and making numerous short stops before reaching Oregon.

Both bride and bridegroom are graduates of the Ohio State University, where their first acquaintance was begun, and where both were favorites associated with various college activities.

The fine record which Mr. McCoy brought from the university has been continued in enviable business success, and friends, who also feel for him a warm personal liking, are extending sincere congratulations.

A handsome dinner was entertained at the home of Mr. Allison McCoy the night before the wedding, the bride coming down from Columbus and the brother, Dr. J. A. McCoy, and family, of Waynesville, also there.

The marriage of Miss Leona Waters, daughter of Mr. and Mrs. George Waters and Mr. Robert Clark Coffey, son of Mr. and Mrs. Charles Coffey, claims more than passing interest in this community, where both young people have friends galore.

The wedding was solemnized at Grace M. E. Church at half past nine o'clock and was quite informal and simple, witnessed by only a dozen relatives and close friends. Rev. Arthur P. Cherrington performed the impressive ring ceremony, and the beauty of bridal music added an effective note in the Lohengrin Bridal Chorus and the Mendelssohn March, artistically played by Mrs. Morna Blessing Chapman as the young couple came in and left the church. The organist played softly during the

ceremony MacDowell's "To a Wild Rose."

The bride looked exceedingly pretty in a graceful gown of white crepe de chine, trimmed in rose buds; at her girdle a corsage bouquet of roses and forget-me-nots, and picture hat of black with flower crown.

The wedding was the out-growth of a boy and girl school day romance and both the friends of those school days and later ones are extending the heartiest of congratulations.

The bride is the youngest of a family of attractive girls and has quite a little business ability, having filled for some time an office position with George A. Robinson, coal dealer, efficiently. She is also a girl of much natural charm and sweetness.

The bridegroom has held for several years the position of bookkeeper in the Fayette County Bank and enjoys great popularity with his associates, both business and social, due to his sterling qualities as well as his very likable personality.

Mr. and Mrs. Coffey left on the half past ten train for a wedding trip to Cleveland, Buffalo and Niagara Falls. Upon their return they will go to housekeeping in Mrs. Calvin Holmes bungalow on Washington Avenue.

The bride's going away gown was a tailored suit of navy blue, with flesh georgette blouse.

Mrs. Ed Darlington pleasantly entertained fifteen members of G. R. C. of Sugar Grove, Wednesday afternoon. Mrs. Herbert Cockerill had charge of the Lesson, at the close of which a delightful social hour was enjoyed. Miss Ruth Mark was a welcome visitor.

The Federated Clubs of Washington C. H. held the annual election Tuesday at the Federated Club rooms and out lined the coming year's work along lines of civic improvement.

The war work, to which club women generally all over the country have devoted their activities the past two years, now over, practical effort for the benefit and improvement of our town will be the aim of this organization. The discussion at this meeting brought to consideration the many things waiting to be done—the great need of cleaning and beautifying Paint Creek; of cleaning streets, putting out waste paper baskets; fly traps and many other things in line for making our town clean and attractive.

The meeting recorded itself full of purpose and there is no such word as "fail" in the Federated Club women's vocabulary.

The present officers were re-elected, Mrs. Josephine Kerr, President; Mrs. V. J. Dahl, Vice President; Mrs. D. S. Craig, Treasurer; Miss Jean Howat, Secretary; Mrs. Lulu H. Robinson assistant Secretary.

Pvt. Frank Johnson has received his honorable discharge at Ft. Oglethorpe, Ga., and returned to this city Wednesday evening bringing back with him his bride of 3 months. They are guests at the Cherry Hotel while Mr. Johnson is deciding upon future business plans.

Mrs. Al Wood's condition at the Mt. Carmel Hospital, Columbus, does not improve as rapidly as was hoped earlier, her condition arousing anxiety. Mr. Wood and daughter, Miss Martha, are with her and Mrs. Hugh Creamer, of Jeffersonville, spent the past two days with her mother.

Miss Georgia Davenport entered Mt. Carmel Hospital, Columbus, this week for special treatment, following her long illness. Mrs. Lizzie Buck, who visited her mother, Mrs. Margaret Davenport, in Akron the first of the week, has been with her sister at the hospital the past two days.

Attorney H. H. Sanderson is confined to his bed as result of illness of several days' duration.

Mr. T. J. Townsend, nephew of the late Mr. R. C. Hunt, who has spent the past two and a half months with

Mrs. Hunt, left Thursday for Huntsville, Ala., to resume the position he held with the Bradley-Conner Automobile Co., before he enlisted for military service.

Miss Jean Howat is the guest of Mrs. John Westwater and Miss Della Selsor, at their country home near South Charlestown, and accompanies a motoring party to Springfield tonight to attend a concert.

Mr. and Mrs. J. L. McWilliams spent Wednesday in Columbus.

Miss Katharine Irons has returned from a two weeks' visit in Columbus.

Mr. and Mrs. Frank M. Fullerton and Mrs. Wert Shoop were Columbus visitors Wednesday.

Mr. Paul Zimmerman has accepted a position with the American Seeding Co. and is now in Springfield, where he expects to remain for the next month, returning later to make this city his headquarters. Mrs. Zimmerman joins him in Springfield soon.

Mrs. Dora Sandoe Bachman, of Columbus, who addressed the Suffrage meeting Wednesday afternoon, is being entertained at the home of Mrs. D. S. Craig.

Mrs. Jess Blackmore, of Chillicothe attended the funeral of Miss Anna Blackmore here Wednesday. Mr. Blackmore motored over in the evening and accompanied her home.

Mrs. W. W. Davies, Mrs. Morris Baker and little daughter, Madeline Jane motored to Delaware, Wednesday to visit relatives until Sunday.

Miss Bess Archart spent Wednesday night in Columbus with her sister, Mrs. R. P. C. Wilson (Helen Archart), of Marshall, Mo., who accompanied her home Thursday morning for a visit.

A number of local members of the Fayette County Auto Club, including Nolin Hathaway, Vice President, Howard C. Allen, Secretary; C. P. Ballard, Treasurer, George H. Hitchcock; W. D. Craig, H. C. Ireland, Walter Herron, H. E. Daugherty attended the State Auto Association Convention, and accompanying banquet and Winter Garden, at the Great Southern Hotel in Columbus, Wednesday.

Harry Wilson has resigned his position in the Ready to Wear Department of Craig Bros. to take the position of shipping clerk with the Sunlight Creameries. Mr. Wilson is well qualified to take his new position.

CHAUTAUQUA WILL BE EXCEPTIONALLY GOOD THIS SEASON

The big Chautauqua to be held in this city sometime in the early summer promises to be up to the high standard so far maintained by the Coit-Alber Bureau, and many new and exceptionally good attractions are included in the program.

The various sessions are to be filled with what are known as double-header programs two different attractions appearing in the afternoon and two in the evening, giving ticket holders more than has been given in the past. Despite this and the fact that almost every thing else has gone up in price, the cost of a season tickets remains the same.

There are seven famous lecturers of national and international prominence to appear during the week, each covering an important topic in his address—a topic on which he is an authority. Just to name them is sufficient. They are: Dr. James L. Gordon, "The Gunsaulus of Canada"; Dr. Cecile Griel from Italy; Lieutenant Picard from France; Hon. Charles Summer Lobingier, Judge of the United States Court for China; Frank Bohn, the sensational success of last summer and just back from an other trip to Europe; Judge Ben N. Lindsey, the most famous Juvenile Court Judge in the world; and Anzac Tom Skehill from Australia, one of the world's greatest orators.

The musical organizations are all high class and of a varied nature to suit all tastes, while big entertainment features is the production of George M. Cohan's greatest comedy success, Seven Keys to Baldpate, in which Coit-Alber has secured at high cost the Chautauqua right. The play will be produced by Percival Vivian of Ben Greet Players fame, supported by a company of Broadway favorites.

The dates for the 1919 Chautauqua are to be announced soon.

YOUNG MRS. ASTOR OPENS NEW EAGLE HUT IN NEW YORK

Mrs. Vincent Astor.

Mrs. Vincent Astor, although back from her arduous duties as a canteen worker in France, is not taking a rest from her labors. Instead she has opened a new Eagle Hut at the Battery, New York city. This is being managed in the same manner as her canteens in France.

COLORED WOMAN WAS FAKE, ORDERED TO LEAVE THE CITY

A colored woman giving her name as Jennie Stanfield—soliciting funds from the business section of town—happened to ask money of a local colored woman who is one of Mrs. Franklin's assistant probation officers. She immediately reported her to the probation officer, who found her in Craig Bros. store and escorted her to the probation office. Upon some rapid fire questioning she changed the location of the Children's Home from Cincinnati to Bellevue, Va.

Neither institution could be found upon Mrs. Franklin's accredited list of Children's Homes. The age of the Home she represented varied from 16 years to a few weeks and she finally stated that she could not remember what town she solicited before coming to Washington C. H. After a little forceful persuasion she thought it was Chillicothe.

She was advised by Judge Allen to leave the city immediately which she did, escorted by a policeman.

DEATHS FREEMAN.

Mrs. Margaret E. Freeman, aged 80 years, died Thursday morning at 8:50 o'clock at the home of her daughter, Mrs. Betty Evans, on Lewis street.

Mrs. Freeman was one of the well known older colored residents of the city, and had many friends who regret her death. She is survived by one other daughter, Mrs. Cary Goens of Hillsboro.

Funeral services will be held Saturday afternoon at 2 o'clock, at the home on Lewis street. Burial will be made in the Washington cemetery.

ODD FELLOWS PLAN BIG CELEBRATION

Members of the order and their families will unite in the big celebration.

TENSENESS

(Continued from page one)

At times, during the reply, the Allied statesmen put their heads together in evident anger at some of the Count's cutting declarations as if deliberating whether to make an immediate answer.

The allied triumvirate remained a half hour after the Germans left, to discuss the new situation.

The scene during the ceremony had none of the pomp and glitter of former peace conferences, but it seemed to gain impressiveness by these very circumstances.

The Germans entered the chamber after all the Allied delegates had been seated, and during the meeting they bore themselves without a trace of nervousness, and, unlike Premier Clemenceau, who stood while making his speech, Count von Brockdorff-Rantzau remained seated while he spoke. However, this was remarked by some as not a discourtesy, but that it probably was dictated by the physical condition of the Count.

While he spoke, only Premier Clemenceau and President Wilson appeared unconcerned. During the meeting Marshal Foch appeared not to heed the proceedings, looking out of a window most of the time.

Count von Brockdorff-Rantzau's speech was translated, sentence by sentence, by German interpreters. Two of these stood by the Allied Premiers and President Wilson's table, translating with cutting emphasis the bold and oftentimes offensive message.

GYPSY TRIAL IS SET FOR MAY 28TH

Thursday morning the trial of the four gypsies accused of robbery and assault, was set down for hearing on May 28th, at which time a hard legal battle is anticipated, the defendants are represented by Dayton attorneys and by Attorney E. L. Bush of this city.

The prosecuting witness, who is still hanging round the city while his wife is recovering somewhat covering somewhat, has retained Post and Gregg, Patton & Gregg, who will assist prosecutor Rankin.

MUST STOP NOISY MOTORS ON STREET

Mayor V. J. Dahl has issued orders for enforcement of the city ordinance against noisy automobiles on the streets in the business part of town, with specific orders to stop the practice of racing motors or opening cutouts in making repairs on the streets of the city, as well as unnecessary noise in testing out auto horns.

Considerable complaint has been made of needless noise, particularly where engines are tested out by racing them while garage men are at work on the motors on the streets instead of in the garages.

One reason why Lenine dreads America is because he knows how promptly we caught and hanged Villa.—Greenville Piedmont.

KAISER'S HEAD ON STATUE OF SAINT

Writing from Metz, Major Rell G. Allen states that he recently attended services held in the great cathedral of Metz, where several thousand persons were in attendance, and that a very noticeable feature in the interior of the great edifice was a long row of statues of the saints, one of which bore the head of the former Kaiser of Germany, that tyrant having had the head of the saint removed and a life-size likeness of himself substituted.

The head is allowed to remain as a conclusive mark of the egotism which was so apparent in the man who is now an outcast from all the world.

THE TWO BILLS SENTENCED TODAY

Bill Jackson and Bill Taylor, hailing from Philadelphia, indicted for robbing the Trox Ferrell residence on the Devalon road, Thursday morning were arraigned before Judge Carpenter and upon their plea of guilty to the charge, were sentenced to indeterminate terms in the Mansfield reformatory, to which institution they will be taken Friday.

The two colored men not only forced an entrance to the Ferrell home during the family's absence, but stole watches and other property to the value of more than \$40.

PARADE OF OLD FOURTH NEXT SATURDAY P. M.

Wounded and Casuals who Have Preceded Outfit Home Asked to Join in March.

(By Associated Press)

Columbus, O., May 8.—The welcome for the old Fourth has been set for 1 p. m. Saturday.

Word received from Colonel Hough of the old Fourth was to the effect that the regiment is scheduled to leave Camp Merritt before 10 a. m. Friday. It is expected to arrive in Columbus about the same time Saturday.

Movement will be over four railroads, the troops coming to Columbus over the Big Four from Cleveland. Trains will be parked in the Maple Street yard, north of the Union Station. The troops are to travel in day coaches.

Wounded Rainbows, and casuals who have preceded the unit home, are asked to join their units Saturday at the train.

General Speaks, chief marshal of the parade, has issued an appeal to every soldier who served in the war to get out in uniform and join in the parade. Those responding will be mobilized in a special division, under command of Lieutenant Colonel Simon Nash.

Simon Lazarus, chairman of the committee on decorations, asked yesterday that people wishing to compete for prizes in the decoration contest place their flags tomorrow. Awards in the contest will be made Saturday.

Arrangements for the entertainment and dance to be given in East Broad Street, between High and Third, if weather conditions permit, have been completed. If rain interferes, the dance will be held in the Statehouse rotunda.

Under direction of Columbus Auxiliary of Spanish War Women No. 18 a checking tent will be pitched in the southeast corner of the Statehouse grounds. There out of town people, who wish to have parcels cared for, may leave them in safety.

Colonel Hough said he will keep the Columbus committee advised by wire as to the time the trains are making on their run from New York.

HOW MUCH HAVE YOU LOANED ON IT?

*This Yank
Wants
To Know;
He's Now
Checking
You Up*

The returned soldiers of Fayette County start Wednesday to see that the county does its duty by the Victory Liberty Loan. *They are systematically checking up you, your neighbor, everyone in the county.*

These ex-Yanks are attacking this job with the same spirit that made for the glorious victory for which the Victory Liberty Loan must pay and they're as determined now as then.

They, who have left arms, legs, lives on the battlefield—*or were willing to*—demand that you match their blood sacrifices with your dollars. They demand that those of you who bought \$50 worth of the loan where you could—*and should*—buy \$100 to \$500, come out of the shell hole of snug selfishness into which you have dug yourself, and they demand of you who *can* buy and *haven't bought at all*, that you take your just share of this burden at once!

There'll be no escape for either the half-hearted patriot who hasn't loaned his Government all he can, and no escape either for the gelatine backed man or woman who doesn't subscribe now "because the war is over," or for some other similarly absurd reason.

Whether these returned soldiers are able or not to save this community from the disgrace of failing to make its Victory Liberty Loan quota, they are going to be successful in checking and card indexing those who have done their duty and those who have not done so. And they are going to *remember* the results of their investigation, for a long, long time.

Will you be one of those that will be shown up? This is the last call—the last warning!

This ad is patriotically contributed by the returned soldiers of this county who plan to make it their business to see that THE JOB IS FINISHED.

DOCTORS HAND OUT LIVE TIPS

Take Public Into Confidence

Prominent physicians claim people fall in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, weaken nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans', that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets.

NOTABLE WORK OF LOCAL RED CROSS CHAPTER FINISHED

Last Quota of Refuge Garments Completed And Shipped To Needy War Sufferers.

Further Calls Later This Year Anticipated.

Fayette County Chapter of Red Cross has finished its last quota of refugee garments for the devastated countries of Europe, and the women who have worked so loyally and faithfully for the past twenty months will have their first vacation.

Since March 25 this chapter, under the able direction of Mrs. Scott Hopkins and her work shop committee has made 850 garments, and finished its work on time, as the last boxes were shipped out Tuesday afternoon. Besides this 19 barrels containing 1524 pounds of used clothing and shoes were shipped April 1st to New York terminal. It is not expected that there will be calls upon the chapter during the summer, but the organization will be maintained for emergencies. The Home Service department, however, under Miss Mary Robinson will continue its efficient work.

Cables from Red Cross Relief Commissions overseas, tell of more distress than present supplies can alleviate, clothing is the greatest need.

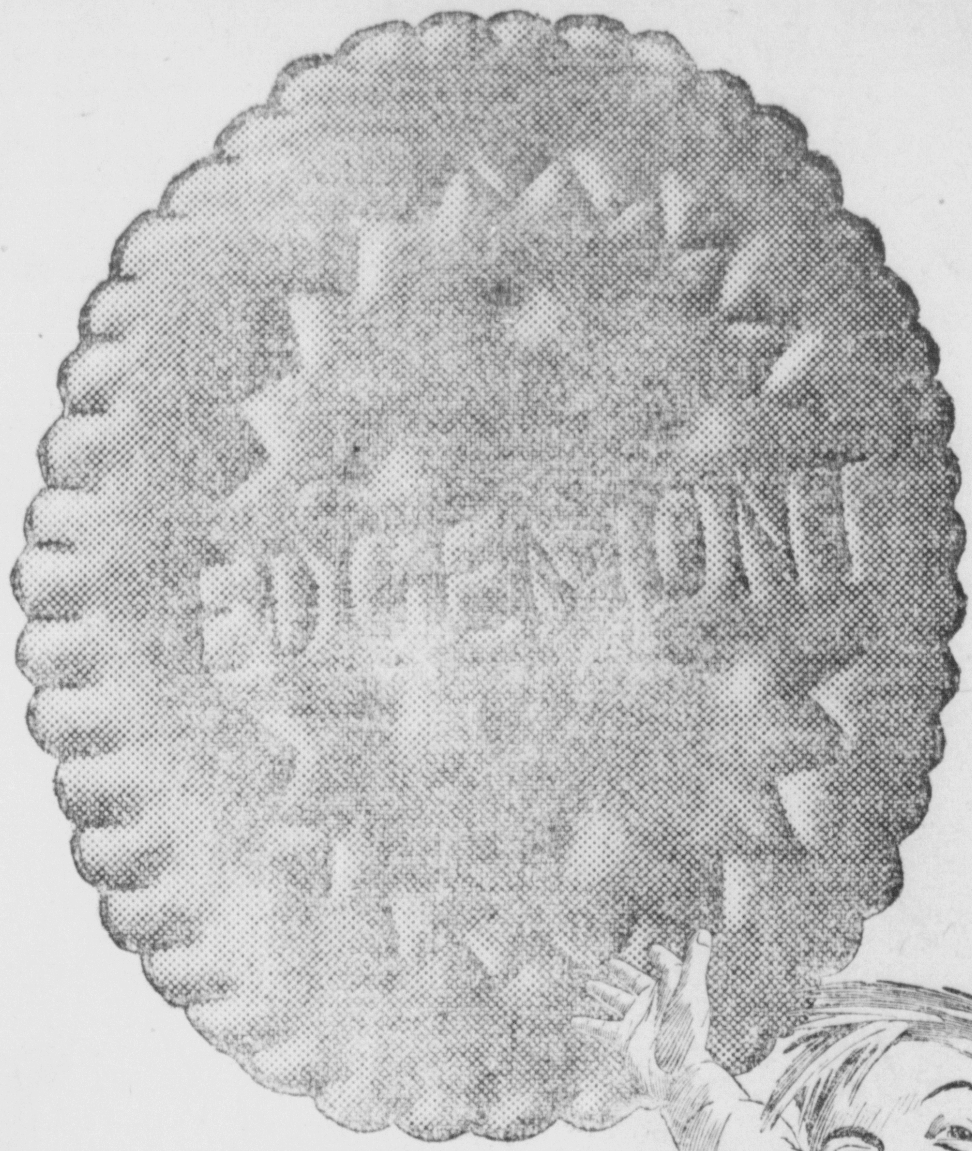

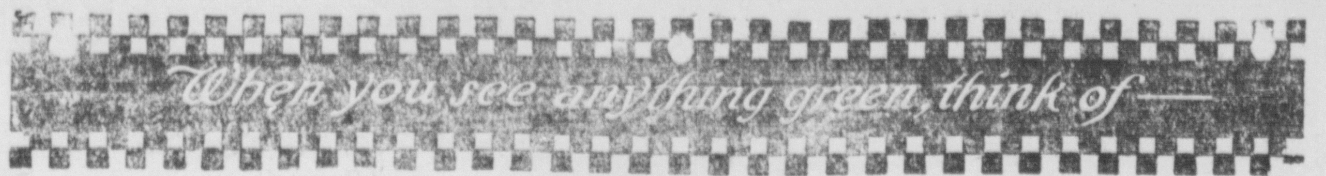

When autumn comes and the winter is near at hand, the Red Cross will probably be called upon to take up again the tasks of sewing for refugees.

The Commencement Exercises will take place on the evening of May 22 at the High School Auditorium. Supt. McClain announces that he

Edgemonts Made Crackers Popular

Folks use more crackers now than they used to, and we cannot blame them. The old-fashioned cracker wasn't much to rave about.

A few years ago The Green & Green Co., made a lighter, flakier, crispier, more palatable cracker—and called it Edgemont.

It met with instant approval. Since then Edgemonts have been imitated—but you can easily identify them by the name that is baked in every cracker.

Tomorrow when you give your grocery order don't say crackers—say "Edgemonts." Your grocer will gladly get them for you because he too knows that you will like them better.

has succeeded in procuring Professor Alfred Hall Quest of the University of Cincinnati, to deliver the class address. Professor Quest is a noted speaker and there is no doubt as to his qualification in regard to performing this important function.

It is also announced that the Baccalaureate sermon will be delivered to the graduating class on Sunday evening, May 18, by Rev. McWilliams of the Presbyterian Church of this city, in the High School Auditorium. This year's class is composed of 42 students of whom 28 are girls and 14 are boys.
